Amazing season so far!

As I write this, PCA CWI has just completed its latest sold-out event of the season — a two hour drive through the back roads northwest of Madison to the beautiful Potosi Brewery for lunch, Porsche talk, and planning for adventures to come. The same day, the autocross crew took on all comers at the season opener at MATC.

One of the things I like best about the region is the diversity of interests among the members — whether you're into backroad drives, autocross, concourse, performance mods, or following the exploits of the Porsche racing team, you're sure to meet up with people who share your interests and can introduce you to new aspects of the marque.

I've been favoring the 996 cabrio lately given the beautiful weather, mainly exploring the area south and west of my home in Mount Horeb. There's really nothing like the growl of the engine behind you, the way the car squats when you accelerate coming out of a turn, or the way it — or any Porsche really — can make the most mundane errand exciting.

EVENTS RECAP

PIZZA RIDE - RILEY TAVERN

[Riley Tavern](#) in Riley, WI is a popular stop for motorists, bikers, and cyclists and features some of the area's best pizza on Tuesday nights. Seven Porsches made the run on June 7, followed by a delicious dinner on the tavern's front porch.

POTOSI BREWERY CRUISE

Eighteen Porsches departed McGovern and Sons Benjamin Moore store for a cruise to [Potosi Brewery](#) in Potosi, WI on June 26. The McGovern's led a scenic drive through the Driftless Area, highlighted by narrow back roads, long sweeping turns, and occasional wildlife sightings. A delicious lunch at the brewery restaurant capped off the ride.

CARS AND COFFEE - MADISON PORSCHE CENTER

[Madison Porsche Center](#) opens its facility to Porsche owners and enthusiasts on the first Saturday every month. PCA CWI members filled the service bay May 7 and spilled out into the parking lot. Members checked out some of the display models and saw one lucky new owner arrive to take delivery.

PCA PARADE - REPORT FROM THE POCONOS

(Story and Photos: Andreas and Sabine Kotttschoth
Additional Photos: Jeff Buck, Porsche Club of America)

Our journey to the 66th Porsche Parade started with a mishap at the US border when we hit a pothole and destroyed one of the back tires. We have a compact spare in our 996 but knew we'd be in for a long drive at the tire's 50 mph limit. We phoned every tire shop from there to Duluth, and the answers were not encouraging.

Luckily, our friend PCA CWI Past President Gregg Elliott came to the rescue, finding a shop in Minneapolis with the make and model of tire we needed in stock. After a few delays getting around Chicago construction the next day we arrived at the Kalahari in Pocono Manor, PA at twenty minutes to midnight on Friday, dead tired.

REGISTRATION AND CONCOURS

After a restful Saturday exploring the hotel and surrounding area we got to meet up with several old friends from past Parades and our former PCA region in Manitoba. Gregg and his wife Jean arrived Sunday and Sabine volunteered for 8 hours in the welcome tent.

The concours is usually held at a nearby golf course but Monday's rain made conditions there unfavorable. PCA moved the event to the Kalahari convention center parking lot. I'd signed up as an event volunteer, which meant a 5AM start and the opportunity to help guide staging for the 200+ well-prepared Porsches. The weather was fantastic and we all enjoyed a display of cars ranging from 356s and Cayennes to 2022 911s and the ultra-rare 959.

TOURS AND ACTIVITIES

There's plenty to do at Parade - I tried sim racing for the first time in a semi-pro setting and joined Gregg for a tour of the Fabspeed factory on Tuesday. Jean and Sabine took a bus tour to a nearby winery for a wine/spirit tasting event. On Wednesday, Sabine and I took one of the scenic driving tours to America's oldest brewery, Yuengling. Back at the hotel, Sabine and Jean joined Kelly Telfer, an artist from California, for Porsches and Pinot, where they painted a Gulf 917. Other activities available during the week included RC car racing, Zone Gatherings, an Art Show, and the Parade store.

AUTOCROSS

Thursday was my first crack at Autocross. Luckily, I had a seasoned autocrosser, Gregg, to show me the ropes. PCA CWI President Jeff Buck was also on hand volunteering at the event. Rainy conditions early in the day had me a bit nervous but in the end, PCA CWI put in a good showing.

Gregg and I were in group one of two. During our four runs we switched positions in the standings several times. In the end, Gregg beat me by 3/10 of a second. Gregg finished 6th, and I came in 7th with times in the low 54-second range. Then it was our time to volunteer as track workers for the second group. We watched the best time of the Parade AutoX, with just over 40 seconds for a modified 914. Wow!

PARADE

After relaxing at the Kalahari waterpark Friday, we were ready for the main event - the parade of 300+ Porsches for a lap on the famed Poconos Raceway on Saturday. Local police blocked traffic to help keep the group together. That evening, we enjoyed the victory banquet and learned the location of the 2024 parade: Birmingham, AL.

JUNE AUTOCROSS RESULTS AND RECAP

We had a great turnout on June 26 for the Club's first autocross of the year. The quickest time was posted by a Honda 2000 but the Porsches put in a great showing.

The next event is July 31 at the MATC training center. As always, beginners are welcome. Drive your car as it was meant to be driven in a safe and supportive atmosphere. See the PCA CWI [site](#) for registration details.

MEET YOUR PCA CWI VOLUNTEERS

TREASURER: CHUCK SCHMELING

The Porsches: I have two Porsches, a 1986 Porsche 944 Turbo and a 2008 Cayman S. I like them both but they are very different beasts. The 944 is a long distance runner, smooth, quiet, comfortable and fast when you need it to be. The Cayman is a quick-reflexed point and shoot weapon.

Club goals for 2022: I hope we can attract many of the members who don't regularly come out to the events. We have many great drives, autocrosses and meet-ups planned so there should be something people can enjoy.

What got you into Porsche: Many years ago, I rode in a co-worker's 914-2.0. I had an MGB-GT at the time and there was no comparison. I had to have a Porsche.

To the left, a red box for the iCarsoft POR V2.0 diagnostic tool is shown, with text that reads "Ask no one but iCarsoft. Trusted by Drivers of auto diagnosis over 40 countries around the globe." and "PROFESSIONAL MULTI-SYSTEM CAR DIAGNOSTIC TOOL". In front of the box is the iCarsoft diagnostic tool itself, which has a screen and buttons labeled F1 and F2. At the bottom right, the website "www.icarsoft.ca" is displayed, along with the iCarsoft logo and a Canadian flag.

NEW MEMBER SPOTLIGHT

PCA CWI WELCOMES DUSTIN HANSROTE

The Porsche: 1990 C4 Cabriolet

The story: My dad gifted me my Porsche in 2007. It's back in Las Vegas undergoing a rebuild and I plan to bring it to Wisconsin afterward.

Club goals: Looking forward to networking with other members.

PORSCHE MADISON

NEW MEMBER SPOTLIGHT

PCA CWI WELCOMES DOUG SWANK

The Porsche: 2015 Cayman

The story: I've always wanted a true sports car and obviously Porsche was at the top of the list.

Club goals: I hope to get to meet other owners and learn some of the fun drives available in the region.

PCA CWI WELCOMES ZAC WITWEN

The Porsche: 1988 944 SOHC

The story: I've always been a car nut. When I was looking for my first car, I had drove an 88 951, and literally had dreams about it but ended up with an 88 RX7. I picked up my 944 last fall (finally!).

Favorite drive: Highway 60 along the river to Prairie du Chien for a longer drive. For something more local the roads around Lake Wisconsin and Devil's Lake.

TAIL OF THE DRAGON TOUR IS OFFICIAL

PCA CWI will head from Wisconsin to Deal's Gap, NC this fall to take on Tail of the Dragon, an 11 mile stretch of US 129 boasting more than 300 curves. This is one of the country's most popular sports car and motorcycle routes, attracting thousands of enthusiasts every year.

Planning is just kicking off so watch the PCA CWI website and your email for details on route, food, lodging, safety tips, and other prep for the tour.

SPRING TOUR RECAP

"REV IT! REV IT!" The club was parked for a snack and bathroom stop at a small town gas station and the local kids were thrilled. We'd left Morey field a little late that morning to let the worst of a passing storm move through the area, but now folks were dropping the convertible tops getting ready for the second half of the run to Wildcat mountain.

Driving Wisconsin's Driftless Area is always a pleasure and this year's route didn't disappoint. Winding roads, wildlife sightings, and open straightaways for quick sprints were just a few of the highlights.

Wildcat itself more than lived up to its reputation - extreme curves, sharp drop-offs, and amazing views if you happened to be a passenger or could steal a quick glance. The first run was so much fun we did it again before heading into Cashton for lunch at Badger Crossing Pub & Eatery. Members enjoyed catching up with old friends and chatting with the group that joined us from the Chicago region for the tour.

OFFICIAL CHARITY OVERVIEW

[Cars Curing Kids](#) is the official charity of PCA CWI. The organization funds and supports causes that improve outcomes in the lives of children in southern Wisconsin with a focus on combating childhood disease and healthcare issues.

Two upcoming activities give club members the opportunity to support Cars Curing kids, and we hope to take part in more activities in the future.

GEORGE STAUFFER GARAGE TOUR JULY 20

Join us before the July 20 club meeting for a tour of the Stauffer Classics collection, one of the area's hidden automotive gems. A donation to Cars Curing Kids is suggested and can be brought to the tour.

AVIATION AND AUTOS - AUGUST 13

Classic and collector cars and aircraft will meet up at Morey Field for the second annual [Aviation and Autos](#) benefit. The event features a car show with prizes in eight categories, food trucks, music by Nashville artist Ben Wagner, kids' activities, and a silent auction. No charge for spectators. Entry fees for the car show are \$25 in advance or \$30 at the gate.
